ROCK

FLAVOR

FLAVOR

Origin: Matera, Italy

Design philosophy: Each texture of the product contains years of baptism, giving out intoxicating fragrance. This is the flavor of life, classical but fresh, coming from the sacred and profound Matera.

Matera

Ancient villages Deep caves

The marks of years spread on every
piece of stones in Matera

It is a stone city with thousands years
of civilization

Roughness, massiness, vicissitudes,
but flavor remains

This is a the place with flavor
The simplicity of history, the joy of life Melts as
the most strong alcohol
As fascinating as vintage wine

CORE TECHNOLOGY

Micro-Engraving Technology - Represent the lively texture of rocks. Originated from Italy design, Italy Rock series has adopted the micro-engraving technology to represent the texture effect on the surface of the tiles, lively as natural rock.

Numerous surface in One Rock - Heighten the natural effect with multiple layouts. Italy Rock series has adopted multi-edition positional output technology to guarantee numerous layouts in every product and used various compound techniques to produce multiple surface effect, heighten the natural effect after installing.

Three-Dimensional Inkjet Technology - Reproduce Nature color. Using the advanced inkjet equipment and glaze technology to extend the color gamut, the natural color of Rock has been reproduced in Nanogress Italy Rock series.

High Definition Effect - Reproduce a real rock. Italy Rock, originated from Italy as its name suggests, realistically reproduces the natural landscape of rock in Italy with its vivid and multiple surface.
